

mPay Gateway delivers patient payments at the point of care.

CASH/CHECK REGISTER

With patient payments rapidly becoming up to 30% of a provider's revenue stream, managing patient payments is increasingly complex. mPay Gateway helps you simplify patient payments at the point of care.

With mPay Gateway's Cash/Check Register it is simple to manage all payments in one place. Collect all patient payments with one, easy process, whether they pay with cash, check, or credit card. At the end of the day, you have one file for easy posting and reconciliation.

WITH THE CASH/CHECK REGISTER YOU CAN:

- Register collection of all cash and check payments
- Print a receipt for the patient
- Combine tracking of all credit card payments with all other patient payments

BENEFITS:

Practice:

- Simplify the patient payment encounter
- One simple tool to manage all patient payments
- Reduce administrative complexity of separate processes for cash, check and charge.

Patients:

- Convenience of paying with any form of payment
- Resolve any obligations at the point of service
- Clear summary of charges and easy to read receipt

mPay Gateway calculates the patient's responsibility at the time of the visit and allows you to receive authorization from the patient for payment before they leave the office.

Step 1: Calculate

mPay Gateway's payment calculator instantly determines the service charges for your patient.

Step 2: Validate

Review summary of charges with your patient, then, swipe their payment card.

Step 3: Collect

When you receive the provider remittance, use mPay Gateway to collect the exact amount patient owes. The money will be sent directly to your bank.
